

# How to get Wholesale Pricing on any of our Lingzhi Programs

The powerful longevity and hormonal improvements that are reported in Lingzhi studies come from using fruiting cap formulas over a period of time.

To accomplish that, we suggest starting with one of these **four Longevity Programs** to see optimal results. Each one contains approximately a 2 to 2-and-a-half month supply, which is enough time to reset the nervous system and cellular intelligence. At \$199, it is a 20% savings over individual items, and is the way to go for people serious about results.

For those on a smaller budget, we suggest one of the Trial Programs, with one bottle of Balance (\$69) and either one organic Lingzhi tea (\$39) or organic Lingzhi coffee (\$18).

For deeper details on any product or program, click on the link below.

## The 4 Longevity Programs

\$199. 20% off. Lasts 2 to 2.5 months.

## Trial Programs

Approximate \$100. Lasts 1 month.

## INSTRUCTIONS ON GETTING WHOLESALE PRICING

**Step 1:** Click: [GetAlphay.com/imva](https://www.getalphay.com/imva) — scroll down, click Nutritional Supplements: Learn More

**Step 2:** Scroll to Product Combos, select any Longevity Pack. Choose depending on your current needs.

To drop the price from retail to wholesale (for the programs, from \$249 retail to \$199) select the "Monthly Delivery" option. This is their autoship option, which can be turned off any time after your order is complete, by logging into your account. You can do this with every order; there's no need to pay more.

**Suggested Dosage:** each teabag makes 1 quart; drink a quart a day. For the first week, take 1 of each product in the morning, and 1 of each in the afternoon (total 4–6 caps a day). Adjust from there after the first week. If you're using Calm formula for sleep, take 1–3 after dinner.
